Jeff Jones, Lydia Saad  
September 15-18, 2011

---

**Results are based on telephone interviews conducted September 15-18, 2011 with a random sample of 1,004 adults, aged 18+, living in all 50 U.S. states and the District of Columbia.**

**For results based on the total sample of national adults, one can say with 95% confidence that the margin of error is  $\pm 4$  percentage points.**

**For results based on the sample of 889 registered voters, the maximum margin of sampling error is  $\pm 4$  percentage points.**

10. Please tell me whether you would definitely vote nominee for president, whether you might consider voting for that person, or whether you would definitely not vote for that person. How about [RANDOM ORDER]?
